FAQs

Can I get a ŠKODA Lease&Care agreement?

ŠKODA Lease&Care agreements are available for both personal and business customers, however, the product has been designed for personal use. Private individuals, sole traders and partnerships are eligible for a regulated Lease&Care agreement. Limited Companies and Limited Liability Partnerships (LLP's) are eligible for a non-regulated Lease&Care agreement. If you are intending to use for business purposes, we recommend exploring our Contract Hire options. Lease&Care is not available to any customer intending to use the vehicle for hire and reward purposes.*

What benefits does ŠKODA Lease&Care offer me?

- It is ideal for customers simply wanting to pay a monthly payment for the vehicle and servicing, change it at a regular fixed period and have no depreciation risk
- You won't own the vehicle and therefore won't have the worry of ownership, you just have to hand it back at the end
- There is no additional final payment at the end of the agreement (subject to excess mileage and fair wear and tear)
- There is a servicing Care Package included and you will have the choice of Small, Medium or Large to make budgeting even easier. All packages also include the option to add on an annual allowance to a car rental service.

Important information to consider:

- Ownership of the vehicle will always remain with ŠKODA Financial Services and it is really important that you keep up to date with your monthly payments. Please contact us if you are having any difficulties as the vehicle may be at risk if you don't
- ŠKODA Lease&Care agreements are not designed to be settled early. If you wish to end your agreement early (for example, due to a change in circumstances) you can request an early termination quote to cover the cost of the remaining payments
- If you exceed the agreed mileage set out in your agreement, then excess mileage charges will apply. If during your agreement you think you will exceed your anticipated mileage, then please contact ŠKODA Financial Services to discuss the options available
- It is important to keep your vehicle in good condition as you may be charged for any damage that goes beyond the BVRLA's fair wear and tear standards

VWFS Rent-a-Car Eligibility and Allowance

All packages are available with an optional annual 7 days allowance from VWFS Rent-a-Car which can be added to your monthly payments, giving you access to a non-electric vehicle for added peace of mind on those longer journeys. Speak to your retailer for more information.

What happens at the end of my agreement?

At the end of your agreement, you will not own the vehicle as you are leasing it. You will have three options:

1. Move into a new ŠKODA ENYAQ iV or another ŠKODA vehicle
2. Stay in your ŠKODA ENYAQ iV for a further 1/2/3 years (to a maximum combined term of 5 years)
3. Return and hand back your ŠKODA ENYAQ iV subject to excess mileage and fair wear and tear charges
