This guide is designed to provide you with a better understanding of All-in from Škoda.

Please take the time to read it and be aware of what is included and excluded to avoid any unnecessary surprises later.

Overview

What is All-in from Škoda?

All-in from Škoda has been designed specifically for cars aged three to six years at the point of activation. It provides a comprehensive level of cover for your peace of mind. This plan ensures your Škoda aftercare needs are covered by Škoda trained technicians using only Škoda genuine parts and diagnostic equipment.

With All-in, we will take care of you for the next two years by carrying out your next two services and MOT tests and providing Warranty cover and Roadside Assistance for the duration too.

All-in from Škoda includes:

2 Services

2 MOT Tests

Up to 2 years' Warranty*

2 years' Roadside Assistance

If you choose to purchase All-in from Škoda you will have the flexibility to visit a range of Authorised Repairers across our network for your service and maintenance requirements. You will also receive a Confirmation of Cover and full terms and conditions detailing every aspect of your plan.

*If your vehicle's previous Škoda UK or Škoda Financial Services warranty expired over 30 days before you purchased All-in, then you won't be able to claim in the first 30 days of your All-in Warranty (a "no-claim period"). Effectively, you'll have 23 months where you can make a claim on your warranty.

Servicing

To help you manage your finances and to ensure your vehicle receives the best care, All-in covers your next two services.

Once you have received your Confirmation of Cover and are ready to book your vehicle in for a service, please contact your local Škoda Authorised Repairer direct or book online here.

Tell your Authorised Repairer you are an All-in customer, bring along your Confirmation of Cover and they will complete the service for you and update your service record at the same time.

The Authorised Repairer will contact us for authority to carry out the work required, and you will be asked to agree to any work carried out on your vehicle even if it's covered by the All-in plan.

Only the items listed are covered. Any additional work identified at the time of service will need to be paid for separately.

You will also benefit from our Service Promise.

Top tips to keep everything in order:

- ✓ Be aware of your date of registration so that you can service your Škoda on time
- ✓ You should service your car within 30 days or 1000 miles of when it is due
- ✓ If you still have a service book, ask the Authorised Repairer to stamp it for you

The Plan at a glance

MOT test

To make life easier and to ensure the safety of your vehicle All-in includes two MOT Tests*.

The MOT is an annual test of the vehicle's safety, roadworthiness and exhaust emissions. It is a legal requirement for which you receive a certificate once passed that you need to keep safe.

During the MOT, important parts of your vehicle will be checked to make sure they meet the legal standards. If it doesn't pass, the required repairs will be highlighted to you but are not covered by the MOT itself.

For customers in Northern Ireland, two MOT pre-checks are also included, as well as drop-off and collection to and from the local government MOT test centre.

Top tips to keep everything in order:

- ✓ If the timings work for your Škoda, it is possible to carry out your service and MOT at the same time
- ✓ Have your MOT test carried out up to four weeks before its due, and still preserve the original anniversary date

Car hire*

In the event of mechanical or electrical breakdown only, Škoda Roadside Assistance may arrange and pay for a replacement vehicle up to a maximum of two days. This excludes road traffic accidents.

Hotel accommodation

Overnight accommodation for the driver and up to seven passengers (this does not include the cost of meals and drinks).

Alternative travel

Škoda Roadside Assistance may arrange alternative transport for the driver and up to seven passengers to the driver's destination, e.g. by taxi or train.

Top tips for preventing your Škoda from breaking down:

- ✓ Keep your vehicle well maintained by regularly checking your oil levels and tyre tread. Always check your vehicle before you drive, especially when planning to go on longer journeys
- ✓ Speak to your Authorised Repairer if a warning light is showing and you are unsure what to do

The Plan at a glance

Warranty

To help avoid unexpected repair costs, and to prevent you from worrying about what might happen in the months ahead, All-in from Škoda includes a two-year warranty at no additional cost[†] for mechanical and electrical components.

This warranty policy covers the costs* of repairing or replacing the covered components that have suffered a sudden electrical or mechanical failure during the period of cover (excludes no-claim period).

If your vehicle's previous Škoda UK or Škoda Financial Services warranty expired over 30 days before you purchased All-in, then you won't be able to claim in the first 30 days of your All-in Warranty (a "no-claim period"). Effectively, you'll have 23 months where you can make a claim on your warranty.

The All-in Warranty does not cover any vehicle already covered under any other guarantee, insurance, warranty and/or gesture of goodwill. The warranty is valid in the United Kingdom for up to 60 days per year in Continental Europe.

The key exclusions are:

- Bodywork, paintwork, body component and interior trim
- Certain wear and perishable items
- The gradual reduction in operating performance (wear and tear) due to age and mileage of the covered vehicle
- Failures caused by faults which a qualified engineer thinks could have reasonably existed before the Warranty began or occurred during the no-claim period
- Losses or damage due in any way to any type of accident, misuse or any act or omission which is wilful, unlawful or negligent
- Vehicle used as a taxi, mini-cab or driving school, hire, public service, driven in competitive motoring event, used for courier, security or haulage services
- Claims linked from, or caused by, vehicles being modified in any way from the manufacturer's specification

Your warranty policy does not cover anything required as part of the service and MOT Test.

Always make sure your service record is kept up to date, this can help to prevent any discrepancies later. If you fail to have the covered vehicle serviced correctly in accordance with the manufacturer's specifications during the period of cover, or you are unable to produce proof of such servicing if we request it, then this may invalidate your cover or we may not pay all or any part of a claim you make.

Please ensure you read the terms and conditions relating to your Warranty cover, which you can find here. This will give you information about your warranty policy, including all exclusions and inclusions, as well as how to make a claim.

Provided by Škoda UK and administered by Škoda Financial Services

[†]2 year warranty funded by Škoda UK. *Limited to parts and labour (inclusive of VAT) up to the market value for the covered vehicle at the time of the claim (inclusive of VAT) and all policy inclusions only apply to the covered vehicle. ^Participating Škoda Authorised Repairers only. Please note that a courtesy vehicle needs to be booked in advance and cannot be guaranteed.

Top tip for your warranty:

If your vehicle is being repaired as part of a Warranty claim, your Škoda Authorised Repairer might be able to offer a courtesy car^ wherever possible, if you book in advance
